Texas Memories

BY ANSELM

No 3.

Sam Houston the Richmond papers say, is making secession speeches in various towns in Texas If so the old patriot must be in his dotage and not responsible for nor sensible of what he says I cannot credit that the brave man who fought and won so many battles for Texian liberty, would openly sanction the heresy sentiments. His Union sympathies were well known and commented upon at the time I was resident of the State, so much so that the people of Galveston shortly before Texas seceded called loudly upon him for a speech bearing upon the events of the day —Accordingly he addressed them—saying his interests were those of the people, and theirs his and *if it was* for their best interest to withdraw from the States it was his preference that Texas should go out as an Independent Republic—not join the Confederacy He knew the sentiment of the people and expressed himself accordingly saying nothing against the Union nor for it There were men in that crowd of listeners who carried pistols and ropes ready to violently take up the first real Union word that fell from his lips

The day the Secession vote was taken but one man dared to vote as he felt Many a man was too much intimidated to avow his true opinion But this old settler, Eccles, had the hardihood to be a Union man Dire were the imprecations heaped upon his head, but what became of him I am not aware.—My husband was a Union man, and if he went to the polls no other vote could be cast—we somewhat feared the result In my mind I earnestly prayed that in some way he might escape the necessity of going The eventful day came and thankful was I to find him too sick to rise from his bed or ride to the office. That was the only time I was especially grateful for severe illness It was particularly convenient for the Confederacy to prohibit the payment of all debts owing to Northerners But I remember my better-half considered the subject in another light when, on presenting some rather heavy bills for payment, none was made to "the Yankee,"—using the genteel qualifying adjective so familiar to the mouth of the "chivalry" of the land Our house stood near the road, my husband's business kept him absent several hours, so for the greater part of the day I was alone with the negroes—some few houses being in sight, but still quite distant. Often travelers would stop for water or refreshments. But when drunken soldiers and swearing patrols began riding round the country stopping here and there, and not any too polite in their manners, I felt some uneasiness at being alone Under a pillow was my pistol, but the bowie knife was laid out in sight. One rough looking, ill-mannered fellow stopped me one morning, demanding water, his eyes fell upon it, and sneeringly asked "What women did with such things?" Taking it in my hand and feeling the point, my reply was, "We use them if people ask too many questions; drink and go" Toward the last of May, any one who went up the public road might have seen three men dangling from the trees The hunt had commenced—like tigers, the first drop of fresh blood infuriated them for more and God help the Union man or woman that fell in their hands? One Carles, by name, made some trivial speech in favor of the North. He was ordered out the country a band of men hunted him constantly, but he managed to escape them, his wife only knowing his place of concealment. Every time she stirred from home she was followed, trying to get from her his hiding place In their anger at being baffled, they told her, falsely, that her husband had been taken and hung Worn out with anxiety and care, the poor woman poisoned herself Carles would sometimes steal in among friends, and, finding his wife dead, he vowed, sooner or later, his vengeance upon every one who had so ruthlessly pursued him and destroyed his home Presently came the talk of the enlistments for the army Secrest, a prominent man, told my husband he would be called upon to fill a place in a cavalry company, that he (Secrest) would take care of his family All these centered our minds upon one hope—escape We would not be allowed to leave—if it were known the Government steamers had been taken off between Galveston and New Orleans—and daily was the blockading squadron expected Go home —to Life and Liberty we must. But how? That was the question

INTERNAL REVENUE DECISIONS.—The Commissioner of Internal Revenue has made the following decisions

Concerning Claims for Taxes Improperly Paid Claims for taxes improperly paid under the excise law may be made to the Commissioner of Internal Revenue, through the Collectors of the respective districts, supported by the affidavits of the claimants and the certificates under whose discretion the taxes were assessed

Regarding Manufacturers of Cabinet Ware and Manufacturers and dealers in Furniture Looking glass and picture frames are manufactures, and subject to tax as such, but merely placing a mirror or picture in the frame does not constitute a new manufacture, nor render the article liable to additional taxation

Furniture finished with the exception of oiling, waxing, painting or varnishing, on which the excise duty has been paid, shall not be subject to additional taxation in consequence of such oiling, waxing, painting or varnishing. The mere addition of a marble slab to tables or other furniture is not construed as the production of a new manufacture, provided the taxes on the material have been paid When all the different parts of a piece of furniture are got out, shaped and finished, ready to be put together, and tax is paid for the furniture as a whole, the putting together the different parts will not be considered a manufacture

On Bonds and Mortgages When bond and mortgage or note and mortgage are given to become the same left with bond and mortgage or note and mortgage, require to be stamped The bond as a personal bond for a certain sum of money requires a mortgage stamp the mortgage a mortgage stamp, and the note a bill of exchange (inland) stamp When all the instruments viz mortgage, bond and note are given to secure the same debt the law requires that each instrument shall have its appropriate stamp

MONDAY MORNING FEB 2, 1863

General Aspect of Affairs at the East

The appointment of Gen Joseph Hooker to the command of the Army of the Potomac is received by the California press as an indication that the army will be led to success. Whatever may be the opinion of those who have known Gen Hooker during his residence in this country, we can assert with confidence that his connection with the present war has developed proof of his remarkable dexterity in handling men under fire. When the war first broke out, he was stationed in St Mary's, in Maryland, to watch the lower crossings of the Potomac. When the army advanced to Warrenton Junction, Hooker took the lead with his division, in Heintzleman's corps. Returning to Washington, he took the van in the march up the Peninsula and fought the battle of Williamsburg against overwhelming numbers, without advice from Gen McClellan and in spite of Gen Sumner's refusal to reinforce him, held his ground until night, closing the battle by carrying the key of the enemy's works. Before Richmond, Hooker was omnipresent, no action of importance took place that his services were not commended. To write the history of that time, and leave out the acts of Hooker, would be to cut away many fine exploits which have gilded even defeat. While the army was at Harrison's Landing, Hooker was the first that was detached to reinforce Pope. Arriving at Alexandria, he at once pushed on to the rescue of Pope's inferior and disheartened troops. He was conspicuous in all the engagements of this disastrous period, and was the only General who plucked honor from the bloody field of Antietam. At Fredericksburg he failed, because success was impossible. During all this time, he has never given ground to any enemy in any battle, save by the misfortunes of his compatriots, unless it might have been at Fredericksburg. Whatever censure may have fallen on other Generals, no public journal or public or private individual has ever cast an unfavorable reflection on any military act of Hooker's. Whoever else was to blame, he was always right according to popular belief. We submit that this state of feeling shows that the deservings of this brave soldier are high.

Gen. Burnside accepted the command of the army, after it was thrice offered to him, with diffidence; he probably gave it up without regret, and may have asked to be relieved. Gen. Sumner's refusal to co-operate with Hooker at Williamsburg, is probably the cause of his removal, or he may have refused to serve under Hooker. Franklin was blamed for his conduct at the battle of West Point, and is superseded. Fitz-John Porter's disgraceful dismissal from the service, will probably have a good effect on those officers who prefer the success of a man to that of the army.

In the West, Grant is collecting an immense force at Memphis for the attack on Vicksburg. Rosekrans is perfectly confident of handling his opponents. Gen Butler has been restored to the command at New Orleans, and General Banks will be able to turn his whole attention to the attack on Vicksburg. The entire aspect of affairs is favorable, except the inactivity of the Army of the Potomac, which will soon be in motion.

BOMBARDMENT OF ACAPULCO.—The *Alta* of the 26th of January contains the following account of the bombardment of Acapulco by the French Pacific squadron:

"Four French men-of-war, with the commandant of the French squadron in the Pacific, bombarded Acapulco for three days. We are without particulars, save that the squadron entered Acapulco on the 10th inst., and fired shells into the town (which was almost wholly deserted,) for three days, killing some twelve or thirteen Mexicans. Their fire was returned from one of the forts by a German, assisted by a few men, who took the affair very coolly. Some of his shells did considerable damage to the fleet, one of them passing through one of the vessels. After three days' bombardment, one hundred sailors landed and spiked some of the guns, throwing a large number into the bay. The fleet then left. The *Diamant* spoke the steamer *Sonora* and exchanged mails. The fleet, it is presumed, was proceeding up to the Gulf of California, and intended to visit our port."

MURDER IN MEXICO.—The *Alta* of January 24th gives the following account of the murder of Americans in Mexico:

"About the 20th December, Mr Baker, in company with Stephen Hutchinson, a Mr Randall, three Mexicans and an American, whose names are not known, started from Guaymas on a visit to the silver mines in the Territory. On their return to San Xavier, seventy-five miles from Guaymas, Mr Randall becoming alarmed refused to proceed. The rest of the party started on their return. A few days afterwards the remains of the party were discovered on the road by Mr Scott of Hermosillo, pierced by arrows. Mr Stephen Hutchinson was formerly a partner of Coleman of the International Hotel, in San Francisco. Consul Baker was formerly from Rhode Island; his brother was formerly of the firm of Rice, Baker & Co of Marysville. The authority for the above news is a letter from Don Thomas Robinson of Guaymas to the English Consul at Mazatlan, received January 1st, 1863."

The beef contract for the Penitentiary was awarded on Saturday to David Powell, at 4½ cts for fore quarters and 5½ for hind quarters, he being the lowest bidder.

Arrival of the Sierra Nevada.

LATER FROM THE EAST.

Dates to January 26th.

By the arrival of the steamer *Sierra Nevada*, on Saturday evening, we have six days later news from the East. Messrs. Wells, Fargo & Co., have laid us under obligations for files of [illegible] papers, from which we [illegible] up the following summary of news.

News of January 21st.

NEW YORK, Jan 21.—[illegible] recapture [illegible].

WASHINGTON, Jan [illegible].—In the House [illegible] after [illegible] from [illegible] amendment the resolution in regard to Mr. Vallandigham [illegible] Monday [illegible] eight [illegible] to-night.

News of January 22d.

NEW YORK, Jan 22.—Washington dispatches announce the appointment of [illegible] J W Bowl [illegible] Clark [illegible] of [illegible] committed [illegible].

MADISON, Wis, Jan [illegible].—[illegible] Doolittle was re-elected U. S. Senator to-day.

LOUISVILLE, Jan [illegible].—The Washington Star of yesterday [illegible]. The understanding in Washington to-day is that a portion of the army comprising Hooker's division at least has crossed the Rappahannock, and that the movement took place yesterday.

WASHINGTON, Jan 2[illegible].—Gen. Burnside has issued the following order to the Army:

The Commanding General announces to the Army of the Potomac that we are about to meet the enemy once more. Our brilliant victories in North Carolina, Tennessee and Arkansas have divided and weakened the enemy [illegible] Rappahannock [illegible] moment [illegible] a great and [illegible] to the rebellion, and to gain a decisive victory that is due the country. [illegible] gallant soldiers of the army [illegible] brilliant battles [illegible] the most [illegible]. The commanding General calls for the firm and united action of the officers and men, and under the providence of God the Army of the Potomac will have taken a great step toward restoring peace to the country and the Government to its rightful authority.

CAIRO, Jan 22d.—A military train from Grand Junction a few days since while [illegible] Georgetown ran off the track. [illegible] were killed and three wounded. The accident was caused by the carelessness of the engineer.

LOUISVILLE, Jan 22d.—The official report of the losses at the battle of Murfreesboro [illegible] killed, 6,871 wounded and 2,000 taken prisoners.

WASHINGTON, Jan 22d.—The verdict of the Court Martial in Gen Fitz John Porter's case was approved yesterday by the President, contrary to former reports. The Court found him guilty of the charges preferred and he was accordingly cashiered and dismissed the service.

News of January 23d.

PHILADELPHIA, Jan 22d.—A Washington dispatch to the *Press* dated yesterday says the authorities are painfully reticent as to the movements of the Army of the Potomac, but from arrivals from the army there is no doubt that a forward movement is being actually made, and that a fight or foot race may be immediately expected. It has been raining hard for the last twenty hours, and if the storm extends as far south as the Rappahannock, our troops will have great difficulty in crossing.

NEW YORK, Jan 23d.—The *Post's* Washington special dispatch says the President and Cabinet have been engaged in discussion of the proper gauge for the Pacific Railroad and have decided that it should be five feet.

WASHINGTON, Jan 23d.—The Navy Department has information of the safety of the *Nahant* and *Weehawken*.

Eighty nine military nominations were sent to the Senate yesterday, including Heintzelman, Hooker and Sumner for promotion for meritorious services, by dating their commissions back embracing all the different battles in which they distinguished themselves.

News of January 24th.

The *Times* special from Washington says that the Committee on the Territories have instructed their Chairman to report a bill for the admission of Utah into the Union as a State with a prohibition of polygamy as one condition upon which the Territory may be admitted. The chairman is also instructed to report a bill for the erection of the Territory of Shoshone. This Territory will include within its limits all that part of the old Territory of Oregon inhabited by the Shoshone Indians, all the territory west of Nebraska, west of the 27th parallel from Washington, and that portion of Dacotah Territory lying to the south of the 46th degree of latitude.

NEW YORK, January 24.—The steamer [illegible] has arrived from Havana with dates to the 17th.—Mexican advices give a rumor that Gen. Doblado had committed suicide to avoid being made prisoner by Mejia. Another report is that owing to an official misunderstanding between Ortega and Comonfort, numerous desertions had taken place from Mexican garrisons at Puebla, and a conspiracy had been discovered in Gen O'Haran's brigade, and five officers had been shot.

Further advices state the entire French force in Mexico at 26,000, but reinforcements to the number of 15,000 were expected by the end of December.—The Mexicans have 25,000 men at Puebla, from 10,000 to 12,000 between there and the Capital, 12,000 more at the Capital, 8,000 in quarters, and from 12,000 to 14,000 elsewhere. At Puebla they mount 200 guns, and at the city of Mexico a like number.

WASHINGTON, January 21.—The Secretary of War sent to the Senate to-day, a statement of the number and names of major and brigadier generals.—The former number 60 and the latter 210. Those not assigned to active command include 5 major generals and 17 brigadier.

The seaworthiness of the iron clads now seems more satisfactorily established. The *Weehawken* rode out a terrific gale on Wednesday, being the worst experienced for months. The waves, 10 feet high, rolled over her deck and the only effect on the vessel was a slight breakage forward, not enough, however, to necessitate repairs.

WASHINGTON, January 24.—A gentleman connected with a foreign legation, has just received a letter stating that the French Government had opened a correspondence with the British Cabinet about the *Alabama's* depredations, and that Drouyn de Lhuys announces that the consent of England to the launching and fitting out of privateers is in direct violation of the spirit and letter of the treaty of Paris, and constitutes a breach of the laws of nations. It also states that the British Cabinet had taken the matter under consideration and is now trying to extricate itself from the matter.

The Secretary of the Navy has received a dispatch from Cairo to-day which says: "I have just received a telegraph from Memphis from Acting Rear Admiral Porter, of the U. S. steamer *Black Hawk*, at the mouth of the White River the 20th, which says as follows: We have taken St Charles, Duvall's Bluff and Des Arc, and four light draughts are over 100 miles above the mouth of the White River. At Duvall's Bluff we captured two 8 inch guns, carriages and ammunition, and 200 field rifles; at Des Arc, a quantity of arms and ammunition and some prisoners. (Signed,) A. M. Pennock, Fleet Captain."

NEW YORK, January 24.—The *Express* says that on Wednesday last General Wool issued orders to the commanding officers of the whole militia of the State to report to him. A number of [illegible] were ready for duty and the orders were quietly served. Some commanders of the 2d Division responded by presenting their report, and other flatly refused on the grounds that Governor Seymour was legally the Commander in Chief of the forces of the State. Adjutant General Hall first heard of this movement yesterday, and immediately proceeded to the commander of the Department of the East and had a lengthy interview with General Wool, during which he entered a vigorous protest on behalf of the State forces against the order of the General requiring them to report to him. The new movement has created a great excitement in military circles. The prevailing opinion respecting it is that it embodies a design of the National Administration to place the militia under their control.

News of January 25th.

WASHINGTON, January 24.—A dispatch from the headquarters of the Army of the Potomac to-day represent everything quiet. Nothing unusual has been observed with the enemy [illegible] the last few days.

The Richmond *Enquirer* of the 21st has an editorial on the situation of affairs, acknowledging that Lincoln's pledges once deemed foolish by the South, that he would hold, occupy and possess the forts once belonging to the United States, have been redeemed almost to the letter. It seems doubtful about the Mississippi Valley and says that if with [illegible] we [illegible] 500 or 100 [illegible] the southwest we [illegible] them we are [illegible].

NEW YORK, [illegible].—The steamer [illegible] from Aspinwall [illegible] arriving with $100,000 in [illegible] Panama dates to the [illegible]. The [illegible] No movement [illegible] towards rebuilding Aspinwall.

The [illegible] from Havana the 17th and [illegible] arrived.

The [illegible] 17th [illegible] the Admiral [illegible].

We have Havana dates to the 14th. The sugar [illegible].

The news from Mexico [illegible] between Vera Cruz and Orizaba [illegible] 4,000 [illegible] 8,000 [illegible] 2,000 French troops were killed and wounded [illegible] their officers were [illegible]. The French [illegible] Vera Cruz and a lazaretto is being built for the [illegible] patients.

News of January 26th.

HEADQUARTERS ARMY OF THE POTOMAC, Jan 26th.—This morning Burnside turned over the command of the army to Gen Hooker. [illegible] the hand [illegible] known the principal officers [illegible] on Burnside and took leave of him with regret.

NEW YORK, Jan 26th.—The *Herald's* Washington dispatch says that as one of the results of the recent Republican caucus it is intimated that a [illegible] reconstruction of the Cabinet will be urged with pertinacity, and that if a change should not be made before the 4th of March Congress, in imitation of the British Parliament, will pass resolutions declaring a want of confidence in the present Cabinet.

A dispatch says that a very important report, said to be founded on good authority, in reference to the army of the Potomac, reached here to-night. It is to the effect that the Army of the Potomac is to be virtually disbanded and a greater portion of it sent to the West to co operate in a grand campaign soon to be inaugurated. A small portion of it, just sufficient for the protection of the Capital, will be retained near Washington. So runs the report.

WASHINGTON, January 26th.—The following is the address of Gen Burnside to his army:

HEADQUARTERS CAMP NEAR FALMOUTH, January 26th.—By direction of the President of the United States, the Commanding General this day transfers the command of this army to Maj General Hooker. The short time that he has directed your movements has not been fruitful of victory, nor of any considerable advancement of our lines, but it has demonstrated an amount of courage, patience and endurance that, under more favorable circumstances, would have accomplished great results. Continue the exercise of these virtues; be true in your devotion to your country and the principles you have sworn to maintain, and give to the brave and skillful General who has long been identified with your organization, and who is now to command you, your full and cordial support and co operation, and you will deserve success. Your General's prayer are that God may be with you and grant you continued success until the rebellion is crushed.

BURNSIDE.

It is understood that Major Generals Franklin and Sumner have been relieved from their commands of the right and left Grand Divisions of the Army of the Potomac, but the names of their successors have not yet been divulged, nor is it known who has been appointed to take Gen Hooker's place. Gen Burnside and most of his staff have been allowed 30 days leave of absence.

In the House, Mr Stammon, from the Committee, reported back, with favorable recommendation, the bill to establish a Branch Mint in the Territory of Nevada.

Mr Stevens reported a bill authorizing the President to raise and equip 150,000 soldiers of African descent, for five years. A motion to postpone the bill until the 3d March was not carried, the vote being 45 against 80. Mr Stevens's motion to postpone it until to morrow was agreed to.

The bill for the better protection of emigrants to the Pacific coast passed the Senate to day.

FORTRESS MONROE, Jan 26th.—The iron clad *Nahant* arrived at Hampton Roads, yesterday.

MURFREESBORO, TENN, Jan 26.—Wheeler's cavalry made a dash into a train of cars, on Sunday, between Nashville and Franklin and succeeded in destroying two cars, but was frightened away before he destroyed the balance. Stanley's Federal cavalry followed them 25 miles, but was unable to overtake them. Small detachments of rebel cavalry are continually hovering around our flanks, watching opportunities to interrupt our communication, and the want of sufficient cavalry on our part is greatly felt.

An intercepted letter from a member of Bragg's staff indicates the feeling against that General as very strong. The writer admits that although the rebels captured most of their guns and several thousand prisoners from us they were badly whipped by superior generalship, and the stubbornness of the Yankees.

ALBANY, N Y, January 26th.—The exciting and protracted contest of three weeks, for the election of Speaker of the Lower House, has ended, Callicott (Repub.) being elected to day.

NEW YORK, January 26th.—On the night of the 19th of December, a severe shock of an earthquake was felt throughout Guatemala. Antigua suffered severely, and Atitlan was destroyed. The earthquake was also felt at Salvador, and much damage was done to public buildings, churches and private residences. The loss of life was not large.

The steamer *Boardman*, from New Orleans, has arrived. On the 7th, the United States sloop of war *Brooklyn*, in company with six other Federal steamers while off Galveston, saw a steamer in the offing and the steamer *Hatteras* got under way to overtake her, and when within hailing distance asked who she was, and received as an answer "Her Majesty's sloop of war *Spitfire*." The commander of the *Hatteras* then lowered a boat with an officer and crew to go on board, when the stranger fired a broadside into the *Hatteras*. The *Brooklyn* got under way and started in pursuit, but night coming on she lost sight of her and was compelled to give up the chase. On returning, she found the *Hatteras* sunk in nine fathoms water. The officers of the *Brooklyn* are unable to give further particulars, although it is supposed that the steamer was the pirate *Alabama*.

News of January 27th.

NEW YORK, Jan 27.—Gold is unsettled [illegible] premium. A special Washington dispatch to the *Times* says that General Couch succeeds Sumner and General W. F. Smith succeeds General Franklin.

[illegible], Jan 27.—Private advices from Newbern, N. C. [illegible] Saturday last say that no mails had left there for two weeks. One hundred vessels at [illegible]. The main expedition [illegible] had not started [illegible] a land force [illegible] the railroads [illegible] possession. The general health of the troops is good.

NEW YORK, Jan 27.—A letter in the New Orleans *Delta* from Berwick Bay, dated the 15th, gives the particulars of the action that took place between the Federal gunboat and the rebels, in which Commander Buchanan was killed. Thirty rebels were captured and six killed.

The *Tribune's* correspondent says that upon General Butler's arrival at New Orleans to resume command of the Department of the Gulf, Banks will be ordered to Texas with [illegible] for the purpose of assisting the Union men in that State and restore it to the Union as a free commonwealth.

A Key West letter states that the British central blockade runner [illegible] with a cargo of powder from England has been captured by the United States steamer [illegible] Mobile.

WASHINGTON, Jan 27.—A bill was passed in the Senate [illegible] $50,000 be appropriated for the [illegible] $10,000 [illegible] emigrants by the [illegible].

The Revenue bill which passed the House [illegible] authorizes the Secretary of the Treasury to borrow $300,000,000 for [illegible] and $600,000,000 for [illegible] interest [illegible] per cent payable annually in coin. He may at his discretion [illegible] bonds [illegible] lawful United States [illegible] Treasury [illegible] taxation [illegible] under State authority [illegible] $900,000,000 [illegible] Treasury [illegible] United States Notes shall at any time be in circulation.

SALUTE.—On Saturday night at the very improper hour of 10½ o'clock, a salute of ten or twelve guns was fired from Stark's Common by a baker's dozen of the admirers and political supporters of Benj. Stark, Esq., who returned from the Atlantic side to this place that night. After one discharge, the crowd gave three cheers for Benj. Stark, one for the 'b'hoys' and 'a tiger.' It was hoped that, since people were disturbed by this irregular proceeding, a national salute would be fired, but the powder or whiskey or both, or some thing else gave out, and the firing suspended just about the time the salute answered for the Confederate States. We look on the firing of a salute as an eminently proper thing on a proper occasion and at a reasonable hour, but the firing that night was at a time when most people were a-bed, and was contrary to the police regulations of the city. It was not objectionable on any other ground.

HAY.—We notice the arrival of a lot of baled hay, brought up the Willamette by a scow. It is suggestive of the fact that, this particular article should be brought from Tualitin Plains, where a fine quality of timothy is grown. But for the miserable condition of the roads to the Plains, this hay would come in by teams, and be at once an advantage to the towns'-people and the farmers. While the enterprise of the people of this city and vicinity is so much directed towards road improvements, we would suggest the propriety of giving attention to the subject of building a road from this city to the Tualitin Plains.

THE STREET LAMPS.—Some weeks since the City Council passed a resolution to the effect that "paragon burners" should be placed on all the gas jets in the street lamps. If this has been done, the improvement is not perceptible by the light, and we incline to the opinion that it has not been done. The substitution of the "paragon burner" appears to be looked on as an act of justice to the city, and will be found highly beneficent to those who have occasion to go abroad late at night. The cost of changing the burners is inconsiderable.

ONE FINE DAY.—The inhabitants of this blessed land of mists, fogs and rains, have occasion to be thankful for one entire day without rain. In the matter of temperature we cannot find cause for complaint. The most favored district in California, north of the Bay, does not have a higher average temperature in winter than we have experienced in the Willamette this winter. It may be said that Spring has opened.

ATHENIAN LIBRARY ASSOCIATION.—The members of the Athenian Library Association are requested to meet at their rooms on the corner of Stark and Front streets, this evening. A full attendance is requested, and the presence of all who may feel an interest in the objects of the society.

LEGAL TENDER NOTES.—The San Francisco quotation for Legal Tender Notes on the 27th of January, was 69c.

MEMORANDA.—We are indebted to the purser of the *Sierra Nevada* for the following

MEMORANDA.—The Steamer *Sierra Nevada*, F. Connor, Commander, left San Francisco, January 27th, 6 P. M., 28th at 9 A. M., arrived at Trinidad and waited for daylight 29th, 1 P. M., arrived at Crescent City, landed mail and passengers, and arrived at Columbia River Bar at 7 A. M. 31st, at 9 A. M., touched at Astoria.

PASSENGERS.—Capt. Ainsworth, Senator Stark, J. Gertz, A. Strauss, Miss Way, Laphain, Hayne, W. T. Patterson, W. H. Patterson, Brom, Larry, Yates, Rogers, and 40 others.

Protection No. 4.—The regular monthly meeting of Protection No. 4, will be held this evening, at the regular place of meeting. By order of the President.
M. MOSKOWITZ, Secretary.

Coughs.—The sudden changes of our climate are sources of Pulmonary, Bronchial and Asthmatic Affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's *Bronchial Troches*," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them useful for clearing and strengthening the voice. See advertisement. dec16daw3m

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite the Umatilla House, is the only building, "not made of wood," at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

White's Fever and Ague Drops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed, in no instance has it failed to effect a speedy cure, in Ague especially, one bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and verified by hundreds of patients, so that no principle of science, no rule of experience, no result of any well known cause rests upon a more sure and unassailable foundation than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, coughs, asthma, wandering pains of a rheumatic, gouty or mercurial character, and all forms of disease the result of scrofula or cachectic habit of body.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleep [illegible]—sadness that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—Go to Dr Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation together with his remedies, which are adapted to the requirements of climate and constitution will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

SEWING MACHINES

Are [illegible] beauty, simplicity of construction [illegible] in working and will do

IN A PERFECT MANNER,

A greater range of work than any other machine.

The value of a Sewing Machine cannot be estimated by the amount of wood, iron, brass or steel used in its construction, but by the *manner* in which these materials are put together, and the quantity and quality of the work it turns out. You can buy a watch or a piano-forte for *very little money*, but if you want either for *your own use*, you wish an article which can be *relied upon*, and you will purchase accordingly.

LADD & WEBSTER'S

use a *straight* needle; curved ones are liable to break.

They make a *tight lock stitch* alike on both sides of the work, which cannot be ravelled.

Every machine is sent from our office threaded, and with work under the needle ready for operation, accompanied with such explicit printed instructions as will enable persons who may never have seen a machine to teach themselves.

DR BAKER'S
PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally morning noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa, or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea. It will take out all the inflammation and heal the sore in a short time.

State of Idaho.—A Washington letter to the Sacramento *Union*, dated December 23d speaks of the proposed division of Washington Territory. We had always supposed that this scheme proceeded from the fertile mind of Don Sexanitio, but observe that he has an assistant in the person of Capt John Mullan, who is somewhat notorious for his connection with the Fort Benton and Walla Walla Military Road. The following is to the point on the subject:

A bill to erect a new Territory out of that portion of Washington known as the Salmon river country has been introduced in the House by a Western member, at the instance of certain interested parties. This move will not be likely to meet with the support of the Pacific delegation in the House, especially will the Washington Territory Delegate Wallace, be active in his opposition, as a new Territory once carved from the present sparsely settled Territory of Washington would preclude the possibility of a State organization there for a long time.

The scheme is reported to have its origin with an ambitious officer who lately surveyed a military road from Fort Benton to Walla Walla. Should Idaho be called into existence, it is expected that the grateful Salmon river miners will return Lieutenant Mullan as their first Delegate to Congress, in default of his being the recipient of the office of Governor, for which he is now the contingent applicant. If the construction of a military and emigrant road from the headwaters of a stream, which can only be reached to the point named during two or three months of the year, to the doubtfully valuable region of Salmon River, is a proper cause for deep gratitude the people of Washington Territory may "scout," but certainly Congress will not—and it does not appear likely that Lieutenant Mullan's *disinterested* labors will be very highly appreciated by the present Congress. Certainly they will not if the construction of a new Territory for him is to be a reward of merit.

Treatment of Croup.

Hall's *Journal of Health* says:—Croup is an inflammation of the inner surface of the windpipe. Inflammation implies heat, and that heat must be subdued, or the patient will inevitably die. If prompt efforts are made to cool the parts in case of an attack of croup, relief will be as prompt as it is surprising and delightful. All know that cold water applied to a hot skin cools it; but all do not as well know and understand that hot water applied to an inflamed skin will as certainly cool it. [illegible] the application of ice-cold water with linen cloths, or of almost boiling water with woolen flannel is very efficient in the cure of croup. Take two or three pieces of woolen flannel of two folds, large enough to cover the whole throat and upper part of the chest; put these in a pan of water as hot as the hand can bear, and keep it thus hot by adding water from a boiling tea kettle at hand; let two or three of the flannels be in the hot water all the time, and one on the throat all the time, with a dry flannel covering the wet one, so as to keep the steam in to some extent; the flannel should not be so wet when put on as to dribble the water, for it is important to keep the clothing as dry as possible, and keep up this process until the doctor comes or until the phlegm is loose, the child is easier, and begins to fall asleep; then gently wrap a dry flannel over the wet one which is on, so as to cover it up entirely, and the child is saved. When it wakes up both flannels will be dry.

Proclamation by the Governor

Executive Office, Portland, Oregon, January 6, 1863.

By the President of the United States through Brigadier General George Wright commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry, Oregon Volunteers. They will be needed the coming Spring on the frontiers of this State and Washington Territory and for an expedition against the Snake Indians who have so long been murderously engaged in robbing emigrants and murdering our fellow citizens. I cannot doubt that the citizens of Oregon who have always promptly responded to any demand for their military services will in like manner respond to this call, thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers.

The enlisted men, when mounted, will be supplied with horses by the United States, it being understood that they will be mounted or not, as shall be deemed advisable by the Government.

Propositions to raise a whole company, which will furnish their own horses and horse equipments, may be entertained. The men are in such case entitled to forty cents a day for the use and risk of their horses and horse equipments.

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged.

Recruiting offices will be immediately opened at Portland, Dalles City, and perhaps at other places.

In the Circuit Court of the State of Oregon for the County of Multnomah.—In Chancery.—Petition for divorce *a vinculo matrimonii*.—Lucy Crosby, Complt, vs Wm Edwin Crosby, Respdt.

To Wm Edwin Crosby, Respondent. The complainant, Lucy Crosby, has this day filed her petition in the above-entitled cause, in which she prays a decree of divorce from you, and also prays the custody and guardianship of her three minor children, the grounds of said complaint being that you have wilfully deserted and abandoned her for more than one year last past; and it also appearing from the affidavit of complainant on file herein, as well as from the return of the sheriff that you are a non-resident of this state, therefore, unless you appear in the Circuit Court of the State of Oregon, for the County of Multnomah, on the second (2d) Monday of February, A D 1863, and answer the said complaint, the same will be taken for confessed, and the prayer thereof will be granted by the Court.
